May 3rd, 2020 - The value of everything by Mariana Mazzucato is about value creation and value  
extraction making versus taking which is a subtitle of the book We currently have corporate governance  
structures which are very much not just aimed at short termism but actually very much centred around  
extracting value"

**'The Value of Everything Making and Taking in the Global**

**April 22nd, 2020 - The Value of Everything is an economics book that challenges the conventional  
view on value Nowadays we equate price to value regardless of whether a service or product is  
adding value or extracting value from the society However the author opines that the core of value is  
the production of new goods and services instead of the price'**

April 17th, 2020 - The Value of Everything Making and Taking in the Global Economy Mariana  
Mazzucato For BHS workers and pensioners who depended on the pany for a decent living for their  
families this was value extraction?the appropriation of gains vastly out of proportion to economic  
contribution?on an epic scale'**The Value of Everything Making and Taking in the Global  
May 1st, 2020 - It is a simple tool that moves the discussion away from philosophy to something  
putable But in taking that leap and assuming the logic flows from petitive market equilibrium  
pricing in microeconomic theory we have glossed over something big and dangerous The Value of  
Everything asks the reader to question value with much more scrutiny'  
**'Book LaunchThe Value of Everything Making and Taking in**

---

**April 24th, 2020 - The 2008 global financial crisis revealed that modern economies reward activities that extract economic value rather than create it In her critically acclaimed new book *The Value of Everything Making and Taking in the Global Economy* Mariana Mazzucato calls for a public debate about what is really adding value to our economies so that we can create a new form of capitalism that works for us'**
